PRESENTS

The 15th
URO-

NCOLOGY
update

**LEADING THE WAY IN
UROLOGIC CANCER
INNOVATIONS**

**15TH - 17TH FEBRUARY 2024
FAIRMONT JAKARTA**

INTRODUCTION

Uro-Oncology as a subspecialty has slowly and steadily evolved, and many urologists are interested in this sub-specialty. Urologic Oncology is the field of medicine concerned with the research and treatment of cancers of the urinary system for both genders, as well as those affecting the male sexual organs. As part of our sacred Hippocratic Oath, self-directed lifelong learning is crucial to medical professionalism.

In order to provide physicians, specifically urologists, across Indonesia, a comprehensive update regarding urology practice, the Indonesian Urological Association (IUA) has organized a Urologic Oncology Update annually. This year's event marks the 15th edition of Uro-Oncology Update. After coming back with an offline event last year, this year we are committed to provide a better experience than the previous years. There has been a significant increase in technology application of urological cancer diagnosis and management these past few years. Well-known experts from around the world will gather in these 3 - days event to discuss current state and future avenues in urologic oncology.

This event is committed to supporting continuous education among physicians as well as other participants that are concerned, especially in a new normal era that has just started. We hope, this event will create a valuable, yet unforgettable experience for all the parties involved, as well as give a significant contribution to community.

EVENT DETAILS

NAME

THE 15TH URO-ONCOLOGY UPDATE: LEADING THE WAY IN
UROLOGIC CANCER INNOVATIONS

DATE

15TH - 17TH FEBRUARY 2024

VENUE

FAIRMONT HOTEL, JAKARTA

PARTICIPANTS

THIS OFFLINE EVENT WILL BE ATTENDED BY 200 - 300 PARTICIPANTS CONSISTING OF UROLOGISTS, MEDICAL-ONCOLOGISTS, RADIATION-ONCOLOGISTS, UROLOGY RESIDENTS, OTHER SPECIALISTS RESIDENTS, GENERAL PRACTITIONERS, AND OTHER SPECIALISTS ACROSS INDONESIA.

SPEAKERS

THIS EVENT WILL INCLUDE INDONESIAN AND INTERNATIONAL SPEAKERS WHOSE EXPERTISE ARE WIDELY KNOWN

OBJECTIVES

- To unite the urologists and other specialists who carry out professional duties with a sense of solidarity across the Republic of Indonesia by multidisciplinary approach.
- To provide updates and experiences in the latest developments and researches in uro-oncology & and latest operation technique in form of courses.
- To assist physicians conducting a safe and effective patient care in new normal era.

PROGRAMS

Scientific Webinars

Important topics in uro-oncology will be presented virtually by international speakers and expected live sessions of nationally well-known speakers on seven different topics, i.e. kidney cancer, Prostate cancer, male genitalia cancer, bladder cancer, Systemic

Therapy, How to Improve the quality of life after Radical Prostatectomy, Case discussion in Resectable Muscle Invasive Bladder Cancer. Each session will be allotted one hours. This Symposium will discuss the latest evidence-based practice in urologic oncology case management as well as promote the newest technologies and techniques in both operative and non-operative approaches.

Masterclass Session

The Masterclass Session will discuss the latest evidence-based practice in urologic oncology case management as well as promote the newest technologies and techniques in operative approach. This

Masterclass Session will consist of two topics, Each topic will be allotted one hour of time.

PROGRAMS

Sponsored Session

There will be 8 (Eight) sponsored sessions in separate days to provide the latest urologic-oncology cases. The topics, speakers, and moderators are selected by the sponsor.

Scientific Competition & Resident's Corner

The scientific competition and resident's corner will be held Onsite with well-known urologists as the judges. The scientific competition focuses on uro-oncology topics, meanwhile, resident's corner competes in endourology, pediatric, andrology, reconstructive, female and functional neuro-urology, and kidney transplantation topics.

DAY 1

The 15th Uro-oncology update Thursday, 15nd February 2024

Time WIB (GMT+7)	Topic	Specific Time WIB (GMT+7)	Duration	Topic	Speaker
12.00 - 13.00	Lunch Break				
13.00 - 13.05	Opening Session	13.00 - 13.05	5'	Opening Ceremony	Rainy Umbasirfan Wahyudi
13.05 - 14.15	Prostate Cancer	Moderator: Marto Sugiono			
		13.05 - 13.25	20'	What to do in PIRADS-3: biopsy or follow up	Declan Murphy
		13.25 - 13.45	20'	Transperineal Prostate Biopsy: Techniques and Advantages	Ji Youl Lee
		13.45 - 14:05	20'	Prostate cancer staging: Current and future role of MRI as an alternative to nuclear imaging	Sahat Matondang
14.05 - 14:15	10'	Discussion			
14:15 - 15.05	Dexamedica	Moderator: Rachmat Budi Santoso			
		14:15 - 14.35	20'	Localized and Locally Advanced Prostate Cancer: Treatment Options	Kurnia Penta Seputra
		14.35 - 14.55	20'	Understanding new GnRH Agonist (Triptorelin) for Prostate Cancer Therapy	Rainy Umbas
		14.55 - 15.05	10'	Discussion	
15.05 - 15.20	Coffee Break				
15.20 - 16.05	Mega Life	Moderator: Agus Rizal A.H. Hamid			
		15.20 - 15.55	35'	Low Dose Abiraterone in Metastatic Prostate Cancer, is it effective?	Rainy Umbas
		15.55 - 16.05	10'	Discussion	
16.05 - 16.35	Product Information by Prodia	Moderator: Akmal Taher			
		16.05 - 16.25	20'	Molecular Examination of Prostate Cancer	Trilis Yulianti
		16.25 - 16.35	10'	Discussion	
16.35 - 17.45	Bladder Cancer Session	Moderator: Sawkar Vijay Pramod			
		16.35 - 16.55	20'	Role of Systemic therapy as an alternative approach in high risk non-muscle invasive BC (literature)	Johan Chan
		16.55 - 17.15	20'	Current updates on Chemotherapy in Bladder Preserving Therapy without	Lukman Hakim
		17.15 - 17.35	20'	Systemic Treatment for Advanced Bladder Cancer	Johan Chan
17.35 - 17.45	10'	Discussion			

DAY 2

The 15th Uro-oncology update Friday, 16th February 2024

Time	Topic	Specific Time	Duration	Topic	Speaker			
WIB (GMT+7)		WIB (GMT+7)	Time					
08.30 - 09.10	Plenary Lecture	Moderator: Rainy Umbas						Scientific Competition Room A
		08.30 - 08.45	15'	InaCap	Lukman Hakim			
		08.45 - 09.10	25'	Roundtable Discussion (Kesulitan dan Perbaikan dalam mengupload/mengupdate data)	Panelist: 1. Syah Mirsya Warli 2. Kurnia Penta Seputra 3. Ferry Safriadi			
09.10 - 10.40	Kidney Cancer Session	Moderator: H. R. Danarto						
		09.10 - 09.30	20'	Optimal Indication for Nephron-Sparing Surgery: Key Factors	Chaidir Arif Mochtar			
		09.30 - 09.50	20'	Partial Open Nephrectomy	Wahjoe Djatisoesanto			
		09.50 - 10.10	20'	Partial Laparoscopic Nephrectomy	Ferry Safriadi			
		10.10 - 10.30	20'	Partial Robotic Nephrectomy: Initial Experience (Pitfalls and Advantage)	Agus Rizal A.H. Hamid			
10.30 - 10.40	10'	Discussion						
10.40 - 10.55	Coffee Break							
10.55 - 11.40	Hetero	Moderator: Agus Rizal A.H. Hamid						
10.55 - 11.10		15'	muscarinic blocker (Solifenasin) in a single formulation – A pharmac	Harrina Erlianti Rahardjo				
11.10 - 11.25		15'	Treatment Persistence of Therapy in Cancer Patients with Overac	Rainy Umbas				
11.25 - 11.40		15'	Discussion					
11.40 - 13.30	Lunch Break/Friday Prayer							
13.30 - 15.00	Male Genital Cancer Session	Moderator: Alvarino Zaharuddin Ali						Scientific Competition Room B
		13.30 - 13.50	20'	Which imaging is better for staging in testicular cancer	Sahat B.R.E Matondang			
		13.50 - 14.10	20'	Role of Nuclear imaging in testicular and penile cancer	Rian Hidayatullah			
		14.10 - 14.30	20'	Role of Ultra-sonography examination in testicular/para-testicular mass	Daniel Makes			
		14.30 - 14.50	20'	Current Systemic therapy options in penile cancer	Syah Mirsya Warli			
14.50 - 15.00	10'	Discussion						
15.00 - 15.15	Coffee Break							
15.15 - 17.30	Masterclass	Moderator: Christof Toreh & Moammar Andar Roemare Siregar						
		15.15 - 15.30	15'	Role of Enhanced Imaging in Bladder Cancer Management	Agus Rizal Hamid			
		15.30 - 15.45	15'	How to Select Patient for Neobladder	Syamsu Hudaya			
		15.45 - 16.00	15'	Step by Step of Neobladder Technique	Fina Widia			
		16.00 - 16.15	15'	The Experience of Neobladder: Personal Clinical Experience	Ervita Mediana			
		16.15 - 16.30	15'		Fakhri Rahman			
16.30 - 17.30	60'	Hands on Dry Lab Session (Suture and NBI)	Ervita Mediana Fakhri Rahman Fina Widia Agus Rizal A.H. Hamid

DAY 3

The 15th Uro-oncology update
Saturday, 17th February 2024

Time WIB (GMT+7)	Topic	Specific Time WIB (GMT+7)	Duration Time	Topic	Speaker	
09.00 - 10.30	Kidney Cancer 2	Moderator: Nur Rasyid				
		09.00 - 09.20	20'	Small Renal Mass: Whats the Next Step	Hirotsugu Uemura	
		09.20 - 09.40	20'	Adjuvant Systemic treatment in Localized High Risk RCC	Agus Rizal Hamid	
		09.40 - 10.00	20'	Molecular Profile in Kidney Cancer	Didik Setyo Heriyanto	
		10.00 - 10.20	20'	Peri-operative problems management in radical nephrectomy or cytoreductive nephrectomy	Syah Mirsya Warli	
10.20 - 10.30	10'	Discussion				
10:30 - 10.45	Coffee Break					
10.45- 11.30	Johnson & Johnson	Moderator: Lukman Hakim				
		10.45 - 11.00	15'	Factors and Considerations to Guide Treatment Selection in mHSPC	Rainy Umbas	
		11.00 - 11.20	20'	Learning Real Data : Efficacy and Safety Profile of Apalauatide in mHSPC	Agus Rizal Hamid	
11.20 - 11.30	10'	Discussion				
11:30 - 12.15	Astellas	Moderator: Agus Rizal Hamid				
		11.30 - 11.50	20'	Evidence for early treatment in prostate cancer : Enzalutamide in mHSPC	Rainy Umbas	
		11.50 - 12.05	15'	Treatment landscape for Patients with Non-Metastatic Castration-Resistant Prostate Cancer	Syah Mirsya Warli	
12.05 - 12.15	10'	Discussion				
12.15 - 13.15	Lunch Break					
13.15 - 14.25	Prostate Cancer 2	Moderator: Aaron Tigor Sihombing				
		13.15 - 13.35	20'	How to increase/ Motivate Radical Prostatectomy	Kittinut Kijvikai	
		13.35 - 13.55	20'	Persistant Detectable PSA after Radical Protatectomy: How to Manage	Declan Murphy	
		13.55 - 14.15	20'	Do we need local treatment in metastatic prostate cancer?	Renu Eapen	
14.15 - 14.25	10'	Discussion				
14.25 - 14.50	AstraZeneca	Moderator: Rainy Umbas				
		14.10 - 14.25	15'	How to Implementing ADT in Prostate Cancer to Maximize Patient Outcome?	Lukman Hakim	
		14.25 - 14.40	15'	PARP Inhibitor as New Era of Personalized Treatment in mCRPC	Syamsu Hudaya	
14.40 - 14.50	10'	Discussion				
14.50 - 15.05	Coffee Break					
15.05 - 16.15	Bladder Cancer 2	Moderator: Ginanda Putra Siregar				
		15.05 - 15.25	20'	Complications in TUR-BT: how to avoid and overcome / Managing problems in bladder tumor resection	Ahmad Zulfan Hendri	
		15.25 - 15.45	20'	How to perform en-block TUR-BT	Jeremy Teoh	
		15.45 - 16.05	20'	Modalities in Intravesical therapies beyond BCG based on literature	Fakhri Rahman	
		16.05 - 16.25	20'	Experience in Intravesical Therapy (Gemcitabine and Others) with follow up (Minimal 6	Edward Harahap	
16.05 - 16.15	10'	Discussion				
16.15 - 17.05	Special Topics	Moderator: Taufiq Nur Budaya				
		16.15 - 16.35	20'	Role of Nutrigenomic in Cancer Prevention and Management	Ida Gunawan	
		16.35 - 16.55	20'	Role of Sportgenomic in Cancer Prevention and Management	Rachmad Wishnu Hidayat	
16.55 - 17.05	10'	Discussion				
17.05 - 18.00	Closing
